

Quarantine
By Kaylin Clrbus

One day my mom told me I was quarantined. I was mad.
When the girls leave, I am bored.
When they leave, I have to go online at 9:00.
I work online for 2 hours. It's hard.
When my sisters get home, I run out the door.
I say, "Do you want to go on the trampoline?"
They say "Yes!" I am excited.
Sometimes they say, "No." I am not as excited.
The next day when they are at school, my dad takes me out to eat.
Then it is the next day. It is amazing.
I AM AT SCHOOL!
