

The Pandemic  
By Claire Tice

During the pandemic,  
we have to wear masks everywhere.  
We go to fewer stores,  
we have to zoom.  
The only time we can take off our mask,  
is at home and outside.  
We have to quarantine  
because of the pandemic.  
We had to cancel vacations.  
This made me sad.  
I hope I can go in 2022!
